Assessment

- ✓ Meets the Pan Diamant Top Select criteria — proportions, finish and fluorescence all inside the strict band.
- Lab-grown diamond (CVD).

■ Ideal — inside the Top Select band	■ Good — slightly outside, no visible effect
■ Acceptable — judge it optically	■ Out of range — not recommended

IMPORTANT NOTE

Top Select is a strict pre-selection filter. With fancy shapes, proportions alone do not guarantee optical performance (bow-tie, windowing, a dark centre); the final choice needs a video and ASET/IdealScope. L/W is largely a matter of taste.
